

HHDLINK ELECTRONIC LOCKS AND SEALS

A612LV

AI + 4G + LoRa

A seal with AI radar, camera, 4G/LoRa connectivity and a solar panel, 19,200 mAh battery.

DIMENSIONS

213.5 mm × 60.5 mm
× 70.5 mm

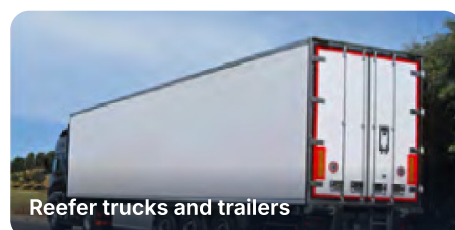

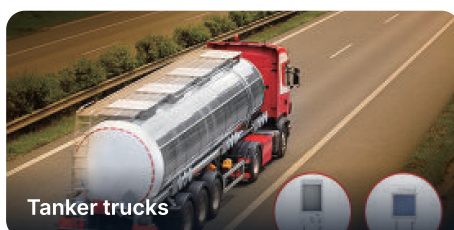

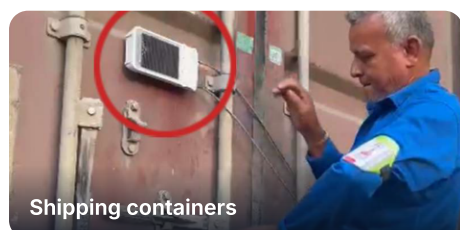

BATTERY

19200 mAh

Key features

-  Camera: live view, snapshots, local backup storage
-  Radar: 10 m detection range, sector scan; activates automatically when the vehicle is stationary, detects human movement and triggers the camera
-  Alarms: real-time cut alarm
-  Wireless communication: BLE / LoRa / 4G
-  Battery: 19200 mAh
-  Solar charging: 50 × 120 mm monocrystalline solar panel
-  Protection rating: IP67

Applications

Technical specifications

Security and operation

Camera	live view, snapshots, local backup storage
Radar	10 m detection range, sector scan; activates automatically when the vehicle is stationary, detects human movement and triggers the camera
Alarms	real-time cut alarm

Communication and location

Wireless communication	BLE / LoRa / 4G
------------------------	-----------------

Power and memory

Battery	19200 mAh
Solar charging	50 × 120 mm monocrystalline solar panel

General

Rope material	flexible steel wire rope
Protection rating	IP67
Dimensions	213.5 mm × 60.5 mm × 70.5 mm
