

HDDLINK ELECTRONIC LOCKS AND SEALS

G-508P

4G + GPS

A GPS seal with a 14,400 mAh battery for monitoring the entire journey, e.g. tankers carrying alcohol or fuel.

Key features

- Unlocking methods: RFID / app / BLE / web / password / SMS / reader
- Alarms: tamper or cut alarm
- Positioning: Wi-Fi / LBS / GPS
- Communication: 4G (LTE)&GPRS / BLE 5.2
- 4G connectivity: location tracking on the platform and real-time alarms
- Battery: 14400 mAh (rechargeable)
- Protection rating: IP67 (waterproof and dustproof)
- Durability tests: withstands tensile forces above 200 kg; vibration tested

DIMENSIONS
91 × 142 × 48.6 mm

BATTERY
14400 mAh
(rechargeable)

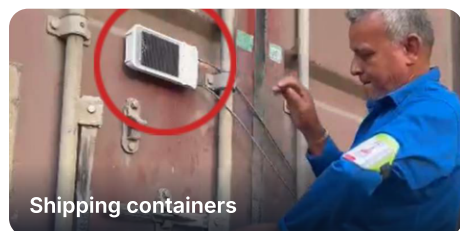

PROTECTION RATING
IP67 (waterproof and dustproof)

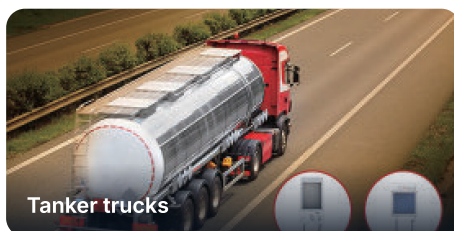

POSITIONING
Wi-Fi / LBS / GPS

Applications

Shipping containers

Tanker trucks

Warehouses

Technical specifications

Security and operation	
Unlocking methods	RFID / app / BLE / web / password / SMS / reader
Alarms	tamper or cut alarm
Communication and location	
Positioning	Wi-Fi / LBS / GPS
Communication	4G (LTE)&GPRS / BLE 5.2
4G connectivity	location tracking on the platform and real-time alarms
Power and memory	
Battery	14400 mAh (rechargeable)
General	
Material	body: aluminium alloy, flexible steel wire rope
Dimensions	91 × 142 × 48.6 mm
Protection rating	IP67 (waterproof and dustproof)
Durability tests	withstands tensile forces above 200 kg; vibration tested
